Background Verification Information

All Harford County recreation councils are required to implement a background check policy. All volunteers and programmers, age 18 and over, must complete and pass the online background check through *Active Screening*.

A person must complete the online background check process when they complete the initial volunteer application. To continue volunteering, a person must complete the process approximately every two years starting in January of the 2nd year following the initial background search e.g. if the initial date of the background check was April 1, 2017, the next required search would be January 2019, then January 2021, etc. The cost for each background check is \$7.95.

If you choose to decline the background check or you do not complete and pass the background check, your application and request to become a volunteer will be denied.

Active Screening conducts the background checks and serves as the repository for all results. Eden Mill Nature Committee Inc. will not receive any details of a criminal background check, only a notification of approved or not approved to volunteer. *Active Screening* is the site used by numerous organizations throughout the area. Contact Active Screening to identify the actual process used to protect information.
